

Focus on Frailty programme

Progress update: June to August 2023

The Focus on Frailty programme

Focus on Frailty: is an improvement and implementation programme run by Healthcare Improvement Scotland. It runs for 18 months from May 2023 to December 2024.

Programme aim: to improve the experience of and access to person centred and coordinated health and social care for people aged over 65 who are living with frailty.

What we do

Focus on Frailty programme: we provide quality improvement, strategic planning, data, evaluation and person-centred co-design support to six teams comprising of NHS boards, health and social care partnerships and GP practices.

National Frailty Learning System: enabling health and social care professionals to learn, connect and exchange information and current practice relating to frailty. There are currently over 600 members of the frailty learning system channel on MS Teams.

Focus on Frailty teams:

South Ayrshire HSCP and NHS Ayrshire & Arran
Moray HSCP and NHS Grampian
NHS Lanarkshire and North Lanarkshire HSCP
Perth and Kinross HSCP and NHS Tayside
Glasgow Royal Infirmary, NHS Greater Glasgow and Clyde
NHS Dumfries & Galloway and Dumfries & Galloway HSCP

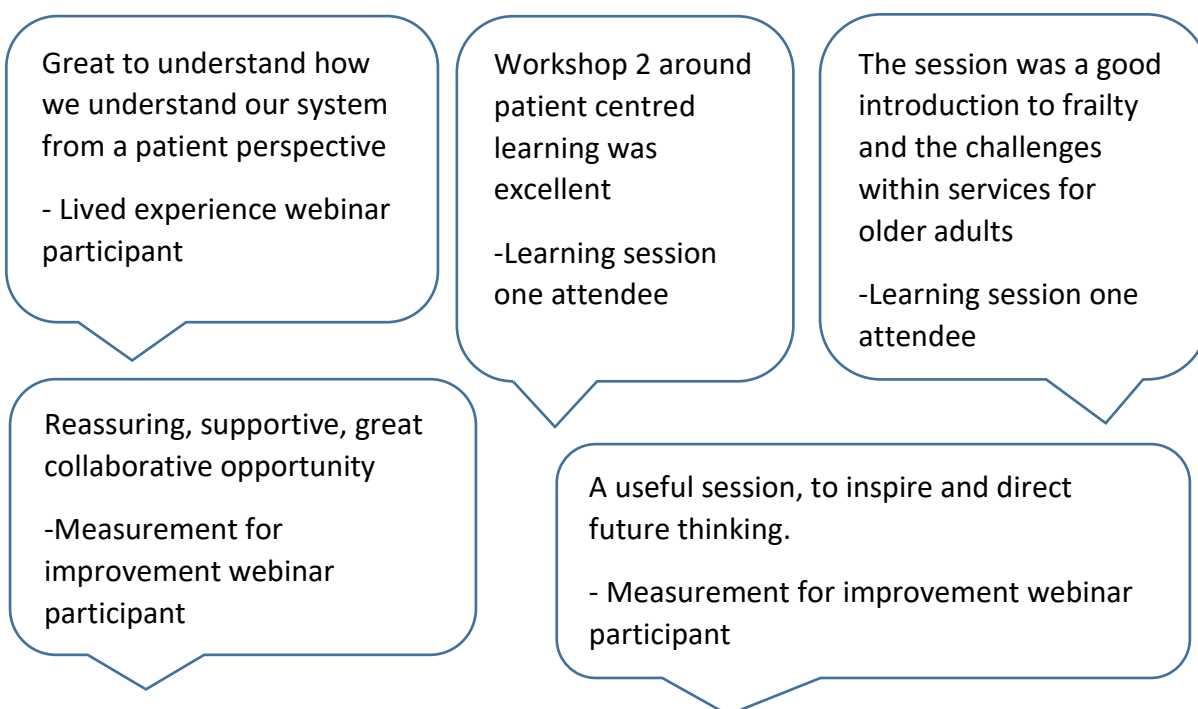

The programme is supported by [an evidence-based package of support](#) for health and social care teams. It is grounded in Healthcare Improvement Scotland's [90 day learning cycle on frailty](#) and previous improvement programmes.

Each team will develop their own aims in line with the primary drivers which support the Focus on Frailty programme.

Progress so far

Feedback from Focus on Frailty participants

Next steps

- First data return and progress report on 1 September.
- Healthcare Improvement Scotland will visit each team across September and October.
