SPSP Acute Adult falls and deteriorating patient: holding the gains

26 September 2024

Session will commence at 14:00

Leading quality health and care for Scotland

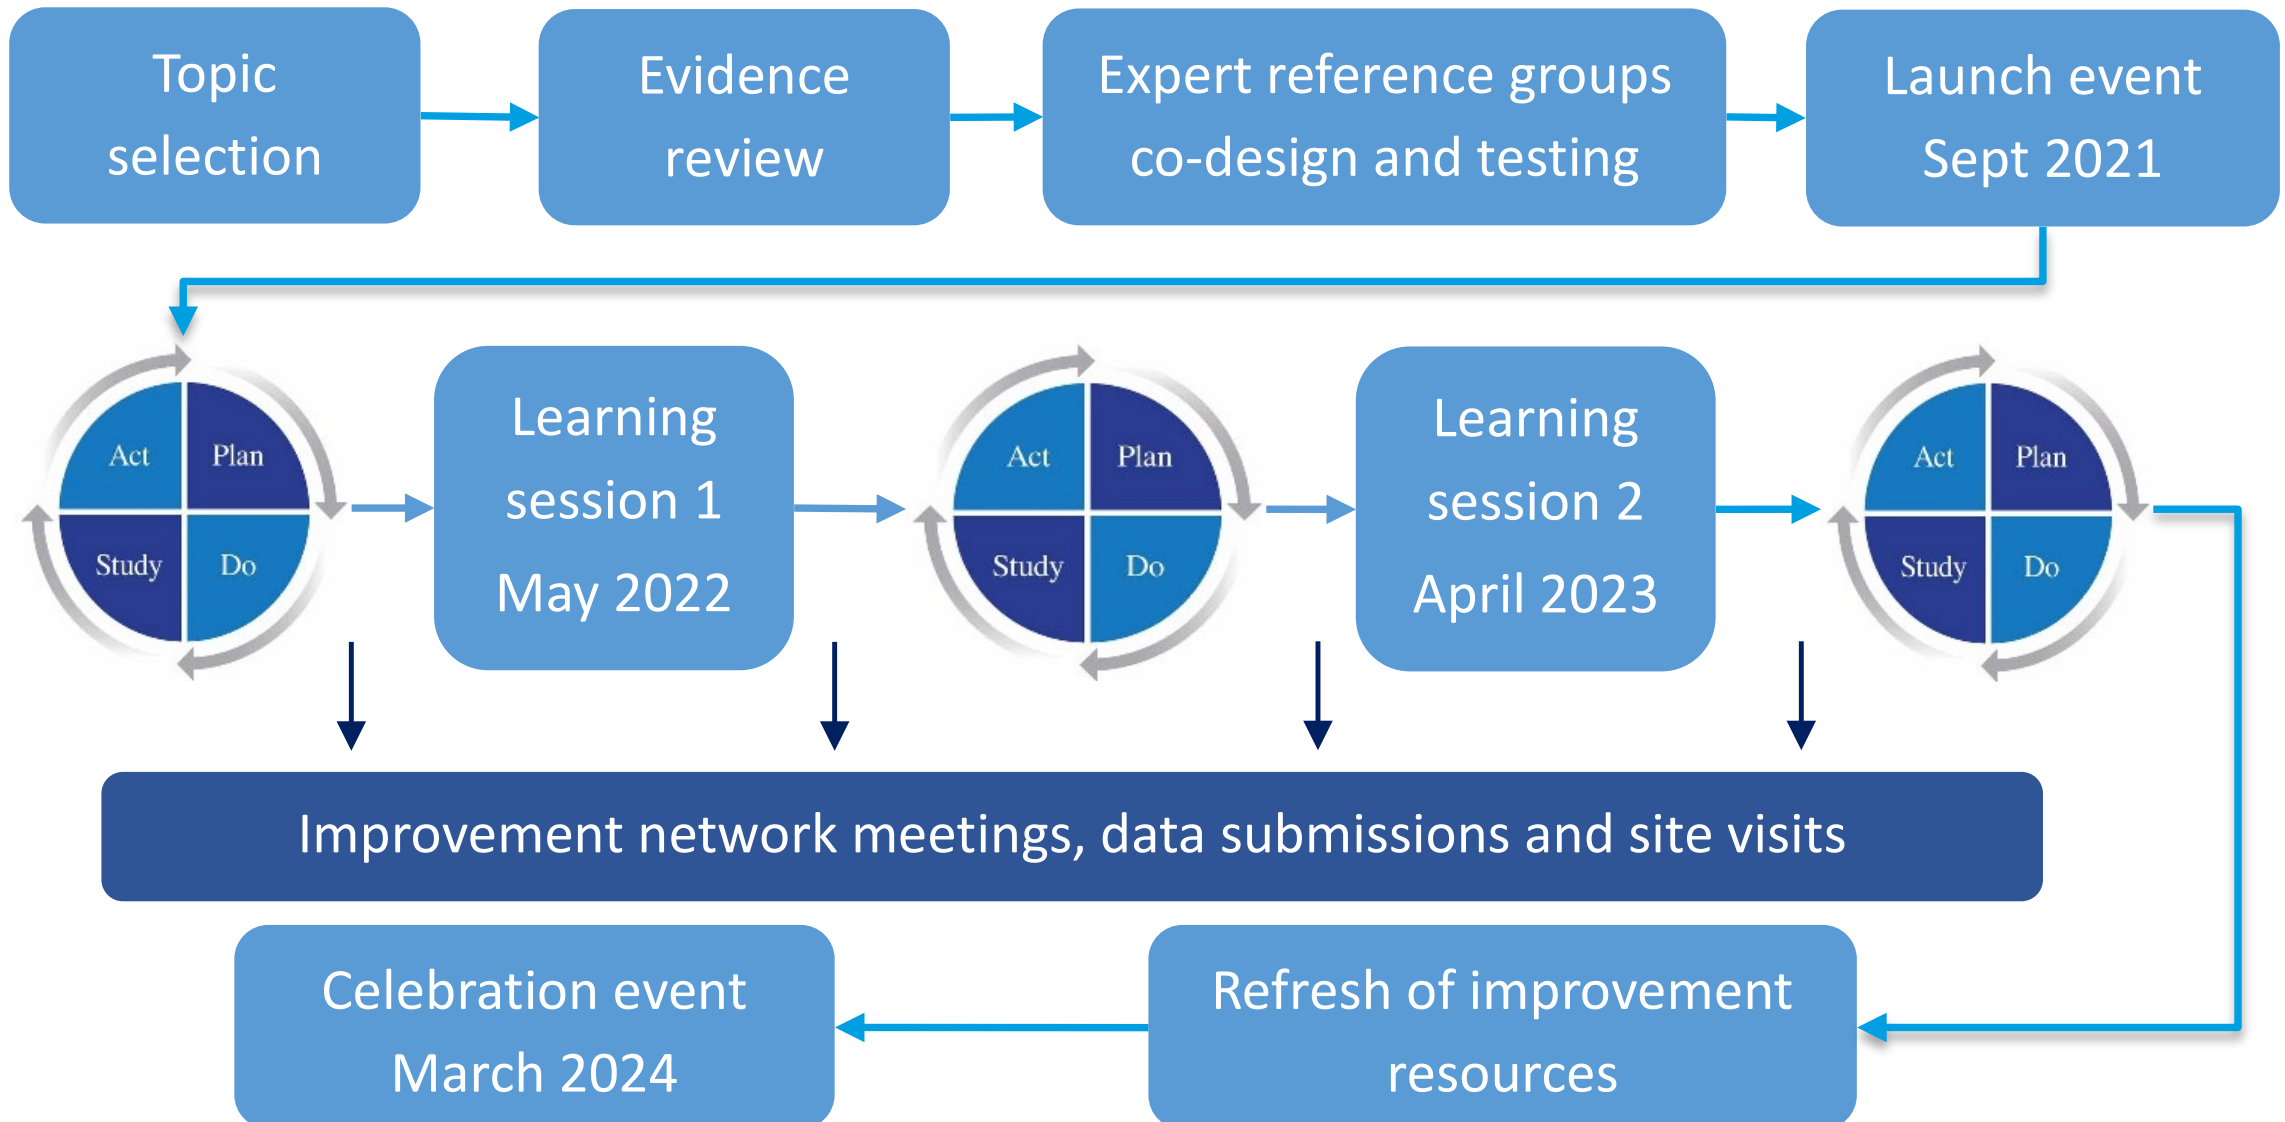

Welcome

Dr Lara Mitchell,
Strategic National Clinical Lead (Acute)

- Provide an opportunity to explore and share next steps for local falls and deteriorating patient improvement work
- Develop practical ideas for focusing on improvement, scale and spread
- Share and learn with colleagues from across NHS Scotland
